

Grandma

Aaron Strumpel :: bpm 120 :: From the album BIRDS

Oh won't you fall down tonight
And rest your weary head
With a song and a sigh
I know it's easier to fight than to die

See there's a ladder to the clouds
You can go up or you can go down
And Jacob's just awaiting
And he's holding your crown

You don't have to be afraid
You don't have to be alone
You can step over death
He's on the way home
